EDUCATE

EMPOWER

TOGETHER

Lighthouse LANDS mission is to overcome hunger and poverty in the rural countryside of Haiti through integrated sustainable solutions focused around education and empowerment.

Individual volunteers, corporate, and faith-based groups work alongside the Haitian people to provide children's educational programming and women's empowerment through agricultural education, while rebuilding communities.

There are a multitude of projects year round that offer an opportunity to go together on an adventure with Lighthouse LANDS to care for children in impoverished communities, bring hope to the hopelessness, and see lives transformed.
